

Dear Client(s):

We have been requested to perform a prepurchase examination where both the seller and potential buyer are clients of Horizon Equine Veterinary Clinic Ltd.

While the staff and veterinarians at Horizon Equine Veterinary Clinic will always adhere to the highest standards of professional practice, this situation places our veterinarians in a conflict of interest. The seller must understand the veterinarian is always working for the potential buyer, and that Horizon Equine Veterinary Clinic is required to disclose all findings, even if it is to the seller's disadvantage.

In the best interest of full disclosure and transparency to all parties involved, we require signed agreement to the following requests:

1. The seller agrees to the release of all past medical records for this horse on file with Horizon Equine Veterinary Clinic to the buyer.
2. The buyer agrees to release all examination results, recommendations, and reports from this examination to the seller.

Completed signatures acknowledging these stipulations must be returned to Horizon Equine Veterinary Clinic prior to the scheduled examination.

Horse: \_\_\_\_\_

Seller: \_\_\_\_\_

Potential Buyer: \_\_\_\_\_

Please contact our Care Coordinators at 604-826-5089 with any questions.

Thank you.
